Dear TAOG Members,

In the past few years, TAOG has established friendship and academic exchange with ACOG guests by speech and participation invitations at the Annual Congress of TAOG. Invited ACOG guests were impressed by our well-organized congress programs as well as our warm hospitality, and they have shown great support for us at international affairs.

To further strengthen the academic activities between ACOG and TAOG, we have planned and organized the AT (America-Taiwan) Joint Conference on April 24<sup>th</sup>. Many distinguished speakers will be giving exciting topics for the AT Joint Conference, and it will be held online due to the Covid-19 pandemic.

Here I would like to express my special thanks to Dr. Mark De Francesco, who will also be awarded as the Honorary Fellow of TAOG this year, for his great assistance and contribution to make this AT Conference possible.

By holding the joint conference, we expect the continuous collaboration and academic exchanges with ACOG in the future!

Yours Sincerely,

Ming-Chao Huang  
President of TAOG
